Frequently Asked Questions for ABTA Research Grants and Fellowships

Table of Contents

I. Funding Opportunities
   I’d like to apply for an ABTA grant. Where can I find more information on submitting an application? 
   What is the deadline for application submissions? 
   Can I get an extension on the deadline? 
   May I apply for more than one ABTA grant? 
   May I apply for a second ABTA grant while holding a currently-funded ABTA grant? 
   Can I use an application from a previous year? 
   Can indirect costs be charged to an ABTA grant or fellowship? 
   Can you tell me when the funding decisions will be released? 
   How many grant applications did ABTA receive last cycle? Where did my application rank? 
   I am not a U.S. citizen. Am I eligible for an ABTA research grant? 
   How do I become a reviewer? 

II. Medical Student Summer Fellowships
   What are the Medical Student Summer Fellowships? 
   May I have two Medical Student Summer Fellowship mentors? 
   Will the ABTA pair me with a mentor in the brain tumor field for the Medical Student Summer Fellowship? 
   Can my Lead Mentor’s lab be at a separate institution from my Medical School? 
   Can my mentor take salary support from an ABTA Medical Student Summer Fellowship? 
   Can the funding be used for supplies or for attending a meeting? 
   Are international applicants eligible to apply?
I. Funding Opportunities

I’d like to apply for an ABTA grant. Where can I find more information on submitting an application?
Thank you for your interest in ABTA’s research funding. Please visit the Brain Tumor Research section of our web site – https://www.abta.org/research/for-researchers/ for the most up-to-date information regarding funding opportunities, deadlines, and anticipated RFA release dates.

What is the deadline for application submissions?
Letters of Intent (LOI) for Discovery Grants and Basic Research Fellowships will be due in early December. Those invited to submit a full application will have a due date in mid-March.

Medical Student Summer Fellowship applications are typically due in early January. Actual deadlines will be posted at https://www.abta.org/research/for-researchers/ when the opportunities become available.

Letters of Intent for the ABTA Research Collaboration Grants are accepted every other year, typically due in early December. 
*Please note: Letters of Intent for ABTA Research Collaboration Grants will not be accepted in 2019. The next RFA for ABTA Research Collaboration Grants will be posted in the fall of 2020.*

Can I get an extension on the deadline?
As stated in the Request for Applications (RFA), applicants are strongly encouraged to complete applications with sufficient time to allow for technical difficulties, time zone differences, sickness, travel, etc. It is ABTA’s policy not to accept late applications. If you miss the deadline, we encourage you to look for future grant opportunities on our website at https://www.abta.org/research/for-researchers/.

May I apply for more than one ABTA grant?
Applicants may submit only one application per grant mechanism each grant cycle; however, applicants may submit applications to more than one ABTA grant mechanism in a grant cycle, should they fit the eligibility criteria for each mechanism.
*Please note: each applicant will only be awarded one ABTA grant per grant cycle.*

May I apply for a second ABTA grant while holding a currently-funded ABTA grant?
ABTA grantees can hold only one ABTA grant at a time. Current ABTA grantees may apply for an additional ABTA grant; however, if a second grant is awarded and the grant terms would overlap, applicants would have to terminate the existing grant in order to accept the new grant.

May I use an application from a previous year?
ABTA does not distinguish resubmissions from new applications. Applicants may submit any previously submitted, non-funded applications; however, they will be reviewed as new applications.
*Please note: applications that are not responsive to the current year RFA will be administratively withdrawn.*

Can indirect costs be charged to an ABTA grant or fellowship?
No, indirect costs are not allowed expenses for ABTA Research Collaboration Grants, Basic Research Fellowships, Discovery Grants, or Medical Student Summer Fellowships.
Can you tell me when the funding decisions will be released?
Funding decisions are announced in late July for Research Collaboration Grants, Discovery Grants, and Basic Research Fellowships. Medical Student Summer Fellowships will be announced in late April. Applicants will be notified by email.

How many grant applications did ABTA receive last cycle? Where did my application rank?
ABTA does not provide specific information related to the funding rate, ranking or number of applications received for any mechanism. Final allocations of funding for research are based on available funds and we are committed to funding as many meritorious research grants as possible. A listing of our currently funded research grants is available at www.abta.org/research/currently-funded.

I am not a U.S. citizen. Am I eligible for an ABTA research grant?
Yes. Applicants are not required to be U.S. citizens or residents to apply for an ABTA research grant.

Can I appeal the funding decision?
Each application is rigorously reviewed by a committee of scientific experts and it is our policy not to re-review proposals. If your proposal is not funded in this grant cycle, we encourage you to look for future grant opportunities at https://www.abta.org/research/for-researchers/.

How do I become a reviewer?
Thank you for your interest in being a scientific reviewer for the ABTA. We are always open to adding new reviewers to our panels. Please contact the ABTA Research Programs staff if you’re interested by email at grants@abta.org or telephone at 773-577-8750.

II. Medical Student Summer Fellowships

What are the Medical Student Summer Fellowships?
The Medical Student Summer Fellowships are $3,000 grants to current medical students wishing to spend a summer conducting brain tumor research with an established scientist-mentor. The intent of this mechanism is to motivate talented medical students to pursue a career in neuro-oncology research. Medical Student Summer Fellowship applications are due in early January. Please visit https://www.abta.org/research/for-researchers/ for the most up-to-date information.

May I have two Medical Student Summer Fellowship mentors?
Medical Student Summer Fellowships allow for up to two mentors to be included in the application. One mentor must serve as the Lead Mentor and be located at the institution where the medical student will conduct the research project. A Co-Mentor is optional for all applicants. Each mentor must submit a letter of support and a biosketch. Please refer to the Request for Applications for additional information.
Will the ABTA pair me with a mentor in the brain tumor field for the Medical Student Summer Fellowship?
No, applicants must seek out a mentor in the brain tumor field on their own. Students interested in applying are encouraged to seek out a mentor early in order to develop the project proposal and gather all required documents in advance of the submission deadline.

Can my Lead Mentor’s lab be at a separate institution from my Medical School?
Medical Student Summer Fellowships are intended to give medical students the opportunity to conduct research in a laboratory under the guidance of a brain tumor research mentor. Therefore, the medical student is allowed to travel to another institution where the Lead Mentor is conducting brain tumor research, and is not required to stay at the institution where they attend medical school.

Can my mentor take salary support from an ABTA Medical Student Summer Fellowship?
No, salary support for personnel other than the Applicant/PI is not allowed for Medical Student Summer Fellowships.

Can the funding be used for supplies or for attending a meeting?
Funds may be used to buy supplies for the project and can be used to attend a scientific meeting, during the grant term, for the purposes of presenting findings or career development.

Are international applicants eligible to apply?
Applicants are not required to be U.S. citizens or residents. However, the institution where the research is being conducted (referred to as the Lead Institution) must be an institution in the United States or Canada.
